

## **Tony Bridge Book Launch**

**Monday 30<sup>th</sup> August**

**From 5.30pm**

In April last year, Chris and Tony, along with six others, spent nearly 3 weeks driving the toughest four-wheel-drive tracks of the South island. Now they have written a book about it.

You are all warmly invited to be present at Select Braemar Lodge and Spa on August 30 at 1730-1930 for the Hanmer launch of the book. Tony Bridge, New Zealand's leading landscape photographer will show photographs from the journey they all made around the South island, will talk about some of the problems they faced and the amazing country they saw. They travelled in places not open to the public; they saw country available to very few. And they are keen to share that experience.

The book launch will take place from 5:30 PM onwards. Come along and share a glass of wine and be one of the first to obtain a copy of the book for Father's Day and have it personally signed.

A special Suite rate of \$195 is available, together with a 2 course dinner plus a glass of wine each for \$30pp should you wish to stay. Call now to book 03 3157555.
